

GENESEE COUNTY

GENERAL HIGHWAY SUPERVISOR (COUNTY)

DISTINGUISHING FEATURES OF THE CLASS: This is an important supervisory and administrative position involving responsibility for carrying into action the department programs including but not limited to road and bridge maintenance and repair. An employee in this class operates within the framework of the policies and the program set by the County Commissioner of Public Works, but exercises an extensive degree of independent judgment in the assignment of personnel, materials and equipment. The incumbent is responsible for the direct supervision of all highway maintenance supervisors, and for the supervision of all field operations of the department, as well as all divisions under departmental jurisdiction. Does related work, as required.

TYPICAL WORK ACTIVITIES:

Assigns construction and maintenance crews to work projects;
Assigns personnel and equipment to snow and ice removal;
Assists in the planning of road and bridge projects;
Supervises the operation of department automotive repair shop;
Supervises and assists with the evaluations of the highway maintenance supervisors;
Assists with the interviewing and hiring of new employees;
Handles personnel related problems as directed;
Inspects the work of road and bridge construction and maintenance crews and to follow-up complaints;
Assists highway maintenance supervisors with difficult or unusual problems;
Reports on field operations to County Commissioner of Public Works or the Deputy Commissioner of Public Works;
Makes recommendations regarding purchase of equipment, scheduling of projects and manpower needs;
Consults with the County Commissioner of Public Works and Deputy Commissioner of Public Works on department policy and projects.

The above examples of duties are intended only as illustrations of the various types of work performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

FULL PERFORMANCE KNOWLEDGES, SKILLS, ABILITIES AND/OR PERSONAL CHARACTERISTICS:

Thorough knowledge of modern equipment, material, methods and techniques of highway and bridge construction and maintenance; thorough knowledge of department policy as related to field work; thorough knowledge of techniques of snow and ice removal; ability to plan, coordinate and direct the work of large groups of personnel; ability to plan large scale construction projects; ability to keep records; ability to deal effectively with the public; initiative; resourcefulness; dependability; mature judgment.
