

HIGHWAY MAINTENANCE SUPERVISOR

DISTINGUISHING FEATURES OF THE CLASS: This is important supervisory work involving responsibility for the efficient and economical use of personnel, materials, and equipment in the maintenance and construction activities in the County Department of Public Works. Work is carried out in accordance with policy and procedures formulated by the Commissioner of Public Works permitting considerable leeway in carrying out the details of the work. The incumbent is directly supervised by the General Highway Supervisor. Supervision is exercised over the activities of equipment operators and laborers by a continuing check of the work in progress. Does related work, as required.

TYPICAL WORK ACTIVITIES:

Coordinates and supervises the activities of County Department of Public Works crews and the use of materials and equipment in the maintenance of county roads and bridges;

Supervises snow removal and ice control activities;

Coordinates the use and distribution of equipment between the various maintenance projects and in snow and ice control activities;

Oversees and participates in new highway construction work;

Assists in planning maintenance schedules and work loads;

Reports to and confers with the General Highway Supervisor regarding personnel and equipment necessary for construction and maintenance projects;

Supervises and participates in the preparation and maintenance of activities, costs, and progress records and reports;

May be required to operate various types of road construction and maintenance equipment;

Attends training as required.

The above examples of duties are intended only as illustration of the various types of work performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

FULL PERFORMANCE KNOWLEDGES, SKILLS, ABILITIES AND/OR PERSONAL CHARACTERISTICS:

Thorough knowledge of modern road construction and maintenance methods and procedures; thorough knowledge of the equipment, materials, tools, terminology, and safety precautions used in road maintenance and in snow removal and ice control; ability to read and understand sketches, blue prints, and related road construction and maintenance plans; demonstrated ability to plan, organize and supervise the work of others; ability to solve operating problems as they occur in the field; ability to secure the cooperation of subordinates; ability to understand and carry out complex oral and written directions; ability to prepare and maintain activity costs and progress records and reports; dependability; initiative and resourcefulness; leadership; good judgment; tact and courtesy.
